

Description

This application provides a list of **historical** BSH released schedule lines sent to suppliers, not only current list of scheduling lines as in Order Overview application.

Transaction in Old Supplier Portal

It is a new functionality that was not available in old Supplier Portal.

Features

How to see BSH released schedule lines from previous period?

To display BSH released schedule lines from previous periods, you would enter the parameters on which to search (Supplier, Factory Location, Material and Release Date) and then press 'Go'.

The screenshot shows the B/S/H/ ONE Communication Platform interface. At the top, there is a navigation bar with the text "B/S/H/ ONE Communication Platform" on the left, "Release Overview" in the center, and "Global" on the right. Below the navigation bar, there is a search filter section. It starts with a "Default" dropdown menu. The search filters are: "*Supplier:" with a dropdown menu showing "3352 SCHOTT"; "*Factory Location:" with a dropdown menu showing "5051 - FCGT, Traunreut, DE"; "*Material:" with a dropdown menu showing "INNER GLASS 60 ONE-SIDE IR CO..."; and "Release Date:" with two date pickers showing "03.08.2021" and "03.09.2021". A "Go" button is located at the end of the search filter section.

This will bring up all the schedule lines released for that supplier, material and factory, on the range of dates selected.
